

## CalTrans Temporary Restrictions Update for Annual Permit Holders

### WARNING

The list of short-term restrictions on state routes is updated daily as conditions change. It is the responsibility of the permit holder and the operator of the extra-legal vehicle/load to check to see if any additional restrictions have been added to your authorized route before each trip is begun.

You may get the most current status of any such restrictions on your authorized route by accessing the Route Clearing database on-line at <http://www.dot.ca.gov/hq/traffops/permits/>. You can also verify vertical restrictions by using a vertical clearance measuring device authorized by California Vehicle Code Section 35252.

### **All annual and repetitive permit holders are required to receive this information**

### **and to keep a copy with their permit during all moves.**

If you believe you are receiving this message in error, please contact the List Managers at (916) 327-6679.
